CAREER SUMMARY

BABYSITTER

I have done a lot of babysitting for my family, and really enjoy this work. Growing up with a big family and my experiences of loss and fleeing from Afghanistan has made my heart extraordinarily open for those less fortunate. I have a special wish to work with other people, assisting them to have a better life

VOLUNTEERING

FURTHER INFORMATION

In 2015 I fled Afghanistan with my mother, father and three younger siblings, because of the unstable situation in the country. I arrived in Greece as the only survivor of my family, due to our boat capsizing on the way to Lesbos, Greece. I have lived 2 years in Sweden with my aunt and family, but are currently residing in Greece. My dream is to stay with my family and friends near Västerås/Stockholm in Sweden, and I am willing to do almost all sorts of work to make this happen. I hope to be independent and be helpful for other people. I am residing in Greece at the moment, until I get a work or study permit in Sweden
